

MEGA ADD-MIX 200

INTEGRAL WATERPROOFING ADMIXTURE
FOR CONCRETE & MORTAR

PRODUCT DESCRIPTION

Mega Add-Max 200 Waterproofing Admixtures improves the waterproofing properties of Cement Mixes.

ADVANTAGES

- Improves the waterproofing properties of Portland cement.
- Easy to use.
- Durable - lasts as long as the life of the structure.
- Increases the workability of the mix.
- Does not affect normal cement properties or building concrete structures.

SPECIFICATION COMPLIANCE

Satisfies the requirements of
ASTM C 494 type A&D.

DIRECTION

Add Mega Add-Max 200 Waterproofing Admixture to the mixing water for all work.

CONCRETE

Normal concrete practice regarding mixing, placing and curing must be followed at all times.

PLASTER

It is recommended that all work be done using a two coat method as follows: 1st Coat – A 10mm render of sand and cement with Mega Add-Max 200 Liquid Waterproofing Admixture in the mixing water. 2nd Coat – Build up to the required finished thickness – but not less than 20mm total thickness. The second coat must be applied not less than 24 hours after the first coat.

MIXING

Thoroughly agitate contents before use. Add Mega Add-Max 200 Liquid Waterproofing Admixture to the usual mixing water. Mix cement, sand and/or aggregates in the usual quantities.

RECOMMENDED DOSAGE

Use at the rate of 500 – 1500 ml per 50kg of cement for all applications. Mega Add-Max 200 Liquid Waterproofing Admixture is supplied ready for use.

PACKAGING

Mega Add-Max Waterproofing Admixture is packed in 210 liter drums.

SELF LIFE

One year in sealed container.

TECHNICAL DATA

Specific	1.171+1@25C
Supply Form	Liquid
Color	Brown
Chloride Content	Nil to BS5075

CLEAN UP

Materials are difficult to remove when set. Clean tools and equipment before the material set.

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the product uses.

HEALTH AND SAFETY INFORMATION

It is physiologically non hazardous once cured. However, follow standard Health & Safety Procedures when handling the product and wear gloves and face / eye protection. Avoid eye and skin contact. If skin contact occurs, wash with plenty of water and soap. In case of eye contact rinse with plenty of water and seek medical advice.

Non reacted material should only be disposed to special designated sites. It is better to let the product react with water to form foam before disposal in landfill sites.

The information given here is true, represents our best knowledge and is based not only on laboratory work but also on field experience. However, because of numerous factors affecting results, we offer this information without guarantee and no patent liability is assumed. For additional information or questions, please contact your local representative.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Mega Sealers products, are given in good faith based on Mega Sealer's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Mega Sealer's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Mega Sealers reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
